

CREATE INSTANT VISUAL PRIVACY

## Space Maker Desk Wrap

The Desk Wrap adds a layer of functionality to existing desktops of any size and shape. Structural PET felt walls frame a personal focus space with dampened sound and increase usable space by doubling as pin boards and white boards. Formerly open space can be retrofitted for safety and privacy while adding more options to customize your space. The smallest product of the Space Maker collection, the Desk Wrap is ultra light and portable, allowing spaces to shift and evolve as employees transition between workstations. Available in 20 colors or a custom print, these dividers can blend seamlessly into your current designs or stand out as a pop of color.

Designed and built in Portland, Oregon.

### FEATURES
